- Professionally trained linguists with medical, legal, and government specializations
- Modern scheduling, tracking, and reporting technology
- Customized invoicing (Net 30; 1% discount for Net 15)
- Four global quality certifications:
  - ISO 17100 – Translation
  - ISO 18587 – MTPE
  - ISO 18841 – Interpreting
  - ASTM F3130 – Language Service Companies

## Past Performance

### DOJ/U.S. Office of the Trustee (2025 - 2026)

ASL video interpretation for bankruptcy case hearings

### Inova Health System (2012–Present)

Providing on-site, OPI, and VRI medical interpreters across five hospitals; supporting Joint Commission requirements and ER operations.

### Virginia Department of Aging and Rehabilitation Services (2012-Present)

Providing on-site, in-person medical interpreters for medical and psychological exams for Social Security Administration disability determination services.

### Fairfax County Government & Public Schools (2018–Present)

Interpretation and translation for K–12, public safety, medical, courts, and county services; praised for professionalism in sensitive assignments.

### UNC-Chapel Hill School of Dentistry (2015-Present)

Over the phone interpretation, including rare and indigenous languages for dental clinics.

### Washington County, MN Public Health & Environment (2024–2025)

Language proficiency testing and 40-hour medical interpreter training (Bridging the Gap and The Professional Medical Interpreter) to prepare volunteers for national CCHI certification.
